

SIP Trunks

Information About the Service

Here's a quick summary of all the important bits about your **SIP Trunks plan**. It covers things like the length of your contract and how much you need to pay each month.

Your plan is for a post-paid SIP Trunk Service. It gives you access to our network, a phone number, and lets you make and receive calls from your SIP trunks to other landlines and mobile phones. In order to access the Service, you will need a dedicated fixed line broadband Internet connection, such as ADSL 2+.

You will also need an IP enabled PBX and may need extra hardware depending on your requirements e.g. phones, a router, switches.

We recommend that the service be accessed with hardware supplied or approved by us, using a broadband ADSL2+ or SHDSL service supplied by us to our specifications.

MINIMUM TERM

There is no minimum term.

What's Included and Excluded?

The following calls are included in your plan for no additional charge;

- Inter-Office calls (SIP Calls between SIP numbers on the same customer account and IP Telephony Network).

Additional charges apply for all other call types.
